

CARNIVAL INSIDER TIPS

MYTH VS REALITY

MYTH: "FUN SHIPS" are only for the young.

REALITY: Not so. The average age of a Carnival cruiser is 47. Carnival Cruises are for the young and the young at heart. Our guests are looking for an affordable vacation that will allow them to relax, have fun, try new things and see new places.

Who will you find onboard?

KID PLEASERS:

- Family time is more valuable than anything else.
- Family friendly activities are top of mind for them.
- Family is their heart and soul and they are constantly looking for ways to spend more time together.

RELAXED EXTROVERTS:

- Looking for ways to have fun on a budget.
- They want to travel the world, experience new things, and all the while still make time to spend with their friends and family.
- No matter what, Relaxed Extroverts never want to experience FOMO (Fear of Missing Out)!

MYTH: I will get seasick.

REALITY: Ships are very big (70,000-130,000 tons) and more stable than smaller ships.

- Most people find that they do not feel or mind the motion.
- Variety of effective preventative medications are available - check with your family doctor.

MYTH: My kids will be bored on their Carnival Cruise Vacation.

REALITY: We have so much FUN for kids onboard, they won't want to leave!

- **SEUSS AT SEA™:** Guests enjoy Dr. Seuss favorites like never before at the Seuss-a-palooza™ Parade, Seuss-a-palooza™ Story Time and Dr. Seuss Bookville™

MYTH: Adults will be bored on their Carnival Cruise Vacation.

REALITY: We have so much FUN onboard that adults won't want to leave.

- A Carnival ship is like being at an all-inclusive, but with multiple destinations
 - Everything is taken care of for you so you can enjoy your morning and evenings - there are no beds to make, meals to cook, or dishes to clean! You are waited on hand and foot leaving room for plenty of YOU time!
 - There are endless dining options – no one is limited to the same dining time or place each day. And so many activities to choose from - you can do as much or as little as you like and whenever or wherever you want to do them.
 - Bring family or a special friend to share a memorable time together.
- ! **TIP:** Take a short cruise first. We guarantee you will be hooked and ready for more.

MYTH: There won't be something for everyone to do onboard.

REALITY: We have so much FUN onboard for everyone that no one will want to leave!

- Everyone can do their own thing during the day and meet up for dinner and shows at night.
- What's more - with the kid's programs offering after-hours babysitting services, the adults are freed up for their activities (date night dinner, a Dive-In Movie, Casino, nightclub, or catch an adults-only Punchliner Comedy Club show)

MYTH: Cruises really aren't that affordable.

REALITY: If you can afford to take a vacation, you can afford to take a cruise.

- Don't be misled by the low lead-in prices of some resort/ island destinations. There's usually a whole weeks' worth of extras to add on such as meals, entertainment and activities. In the end, if you do a price comparison, a Carnival Cruise vacation is a better value.
- There are so many departure port options within a day's drive - save on the cost of airfare!
- Price out a vacation to the beach for a week with travel to/from, transfers, estimated food charges, lodging, time spent on layovers vs the cost of a Carnival cruise. Once you see the price comparison and a breakdown of the total per day per person - it's a no brainer!
- Affordability- only a deposit is needed at booking. The balance can be paid over time.
- On a Carnival Cruise, you can get by without spending a lot of extra money.
- All the port visits - how else could you see so many places in such a short amount time and enjoy so many new experiences for a price that will exceed the value?
